<b>Contractor:</b> The Russell Corporation	1940 S. Bonito Way	Meridian, ID 83642	2083230777
<b>Project Description:</b> Roaring Springs Tornado Wave Tower and Slide only (no pool associated) - Applicant proposes to construct a new stair tower and water slide at existing water park. Tower structure to be constructed of steel columns and stair stringers with pre-cast concrete stair risers and treads. Slide to be constructed of fiberglass and will be a deferred submittal from the manufacturer.			
Applicant was advised by Sam Zahorka to pull a C-POOL permit even though this permit is not for a pool or even for the slides at this time. This permit is being requested for the new stair tower. Typically this would be done as a C-MISC or C-NEW. Processing as a C-POOL per Sam Zahorka. This will result in reviews not being correct and will manually have to be assigned, as well as, no assessments which is typical on a C-POOL. Reporting will show incorrectly for this permit type.
