Project Information

Project Name: _____ Permit Number: _____
Project Address _____

The project value shall be the *total fair market value*. This shall include all labor, materials and equipment, as well as all labor, materials and equipment supplied by others. The project value cannot be reduced by labor, material or equipment that is donated. The values below will be verified and adjusted if required by the Meridian Building Official utilizing the most current publication of the building valuation data published by the International Code Council.

The Total Project Value below is used to establish the Building Permit fee only. The Electrical, Plumbing, Mechanical, Fire Sprinkler, and Fire Alarm values are included in the Total Project Value. In addition to the building permit, subcontractors will be required to apply for each respective permit individually and pay a separate fee based upon the scope of work submitted for that particular discipline.

Total Project Value

Value \$ _____

This is the total value of all construction work (including overhead and profit). This includes but not limited to finish work, paint, roofing, electrical, plumbing, heating, medical gas, process piping, gas piping, generator, elevators, air conditioning, fire suppression and indication systems as well as permanent systems and equipment. Show each component breakdown below and include above.

Does this value include labor, materials and/or equipment supplied by others? _____ Yes / No
If no, additional permits will be required for this work. Please specify _____

Electrical

Value \$ _____

Total value of all electrical work performed on the job including overhead and profit.
Does this value include labor, materials and/or equipment supplied by others? _____ Yes / No
If no, additional permits will be required for this work. Please specify _____

Plumbing

Value \$ _____

Total value of all plumbing work performed on the job including overhead and profit.
Does this value include labor, materials and/or equipment supplied by others? _____ Yes / No
If no, additional permits will be required for this work. Please specify _____

Mechanical

Value \$ _____

Total value of all mechanical work performed on the job including overhead and profit.
Does this value include labor, materials and/or equipment supplied by others? _____ Yes / No
If no, additional permits will be required for this work. Please specify _____

Fire Sprinkler

Value \$ _____

Total value of all sprinkler work performed on the job including overhead and profit.
Does this value include labor, materials and/or equipment supplied by others? _____ Yes / No
If no, additional permits will be required for this work. Please specify _____

Fire Alarm

Value \$ _____

Total value of all fire alarm work performed on the job including overhead and profit.
Does this value include labor, materials, equipment supplied by others? _____ Yes / No
If no, additional permits are required for this work.

I hereby attest the information herein is true and correct. I have also selected one of the two required options below for this project.

1. All of the values provided are estimates only. The project has not been bid and awarded. (If true you will be required to submit a new certificate of value after the project is bid and awarded and before building, mechanical, electrical, plumbing and fire permits are issued).

TRUE _____ Initials _____

Provide estimated bid date _____.

2. All of the values herein are accurate. This project has been bid. Bid documents and/or proposals have been received. If requested, I agree to provide documentation supporting the values listed above. (Permit Fees will be calculated after final value bids are received)
